Border/ Immigration	News 4 @ 5	1/5/09	5:01:10 to 5:03:04		Flying drugs over the border. Agents say smugglers are up to new tricks and using small aircraft to transport their cargo into the U.S. On 12/19, an ultra light aircraft crashed on Los Reales Road near Casino del Sol. This makes two cases in Tucson and a third in Yuma, just in the pasta three months.
Border/ Immigration	News 4 @ 6	1/16/09	6:04:31 to 6:06:04		The Border Patrol unveiled its news surveillance system todaythe Mobile Surveillance System or M.S.S. It has already passed the test in drug trafficking hot spots. The M.S.S. uses radar to clearly detect anyone within 11 kilometers radius. Radar, GPS, night vision cameras and laser range finders are nothing new for Border Patrol but this is the first time all those technologies have been combined into one self contained vehicle. Each vehicle costs \$500,000. The Border Patrol currently has 24 with plans to add another 17 nationwide. Plus the M.S.S. can see "into" Mexico. The M.S.S. is one more tool for agents to keep the United States border secure.
Border/ Immigration	News 4 @ 10	1/31/09	10:04:30 to 10:06:06		Need a job? Head for the border. U.S. Customs and Border Patrol is seeking to hire 11K people this year. Up to 2,500 right here in Southern Arizona.
Border/ Immigration	News 4 @ 6	2/10/09	6:09:31 to 06:11:16		A bit of a scare on the border when officers at the port of entry in Nogales found a fruit fly. It's something they're always on the look out for and strive to stop. If a fruit fly should enter the U.S. it can be devastating to produce, and the clean up costs would be astronomical.
Border/ Immigration	News 4 @ Noon	2/17/09	12:12:27 to 12:14:26		Border agents are working to stop smugglers in their tracks by building tunnel barriers. It's called "The Remediation Project" a four-day effort to prevent the construction of drug tunnels. In the past four months, 9 tunnels have been discovered. Last fiscal year, 14 tunnels were found. The Border Patrol is stepping up their efforts in what's being called the largest preventative counter tunneling measure in Nogales history. The focus is the area underneath the DeConcini Port of Entry where smugglers are tapping into drainage tunnels. The US Border Patrol is also pumping concrete into existing tunnels to block them permanently.

Border/ Immigration	News 4 @ 10	2/24/09	10:12:55 to 10:14:39		The Pima County Sheriff's Department says the drug violence on the border is spreading north creating an upswing in home invasions. In fact, only two months into 2009 and Pima County Deputies have already investigated 9 home invasions. Last year deputies worked a total of 50 home invasions, and there were just 26 invasions in 2007. Investigators say no one is immune from home invasions. Even people who live up n the foothills have been targets. Detectives say some home invaders hit the wrong house, which is common, but extremely dangerous when the suspects can't find the drugs and take it out on the residents.
Border/ Immigration	News 4 @ 6	3/3/09	6:10:39 to 6:12:23		When most of us think of illegal immigrants, we probably think of people sneaking into the country to find work. The Border Patrol has advised that they are arresting otherswho are gang members coming for violent reasons. Gang arrests concern the Border Patrol because they come to the US for reasons different than most illegal immigrants. They're not looking for jobs, they've come to cause
Border/ Immigration	News 4 @ 6	3/16/09	6:03:07 to 6:05:09		Paint ball guns aren't just for play anymore. More and more U.S. Border Patrol Agents are using paint ball type rifles to try to stop illegal immigrants from assaulting them. Instead of guns, paint ball guns are used. The guns cause coughing, tearing of the eyes. It doesn't break the skin, doesn't cause internal bleeding, however, it does cause a sharp pain and significant bruising. The Border Patrol also uses yellow marking or pink marking cartridges. One of the reason for the colored paint is it makes it a whole lot easier to find a suspect or suspect vehicle with colored dots on it. Southern Arizona Border Patrol agents fired the relatively new non-lethal weapons system 12 times just in January. Agents say that's an average but expect incidents to go up now that the illegal immigration busy season is underway.
Border/ Immigration	News 4 @ 6	3/17/09	6:05:33 to 6:07:15		Seven miles of pedestrian border fencing how stands not far from the DeConcini Port of Entry. The US Border Patrol Project took 3 months to build, and not everyone agrees the fence will deter immigrants and drug smugglers from crossing the border.
Border/ Immigration	News 4 @ 10	3/20/09	10:13:04 to 10:14:51		"Operation Arizona Denial" is a push by the US Border Patrol to cinch down human smuggling. The operation took effect last year and according to the agency, it's working, human smuggling is down. However, some call "Operation Arizona Denial" a violation of human rights. Agents say "Operation Arizona Denial" brings criminals to justice while humanely returning "others" back to Mexico so they don't return. Derechos Humanos openly opposes the operationit's an irresponsible and costly response to the issue of migration. Agents say the end result will make Southwest communities safer from organized crime.
Border/ Immigration	News 4 @ 10	3/22/09	10:11:47 to 10:14:04		In June, you'll need a passport to get in to the US at all land and sea ports. Having a passport will make it easier and safer to know who is in and out of the United States.
Border/ Immigration	News 4 @ 5	3/30/09	5:03:59 to 5:06:01		New efforts to stop the crime in Mexico spilling into Arizona. The government's new plan released just last week includes boosting Homeland Security staff along the border, filling 16 new drug enforcement positions in the southwest, sending more ATF agents to the region and tightening up inspections of train cargo heading into Mexico. New efforts hoping to bring down gun and cash smuggling.

Community	News 4 @ 10	1/1/09	6:04:42 to 6:07:05		A tradition of giving to those in need carried on today in Nogales, Arizona. Despite economic hardships, and violence along the border, two different communities were coming together today for a McHappy New Year. Thousands of children in the Nogales-Sonora area boarded buses that took them to McDonald's for a Happy Meal and gifts.
Community	News 4 @ 4	1/2/09	4:49:55 to 4:53:35	Pastor Eddie Young, First Free Will Baptist Church	Divorcein a 2008 gallop poll of values and beliefs, 70% of Americans believe that divorce is morally acceptable. So it may come as no surprise that the divorce rate in America has risen to 50% in recent years. Las year here in Pima County, more than 4,300 couples divorced. Pastor Eddie Young of the First Free Will Baptist Church here in Tucson wants to do something about that divorce rate.
Community	Impact	1/4/09	6-630a	Abel Moreno and Matt Randal, Vets 4 Vets	We discussed a support organization targeting veterans who've returned home after tours of duty in Iraq and Afghanistan. Vets 4 Vets started right here in Tucson. We addressed issues such as suicide, homelessness, difficulties in finding work, drugs, alcohol and violencethat has inflicted an alarming rate of our most recent veterans.
Community	One on One	1/4/09	630-7a	Tomas Leon, V.P. of Community Foundation for Southern Arizona	The Community Foundation for Southern Arizona helps gather money for non-profits. But in the current economy, more people need help and non-profits are getting less money from the government and less people are donating. This group trying to make sure non-profits don't disappear.
Community	Impact	1/11/09	6-630a	Todd Sadow - President, Epic Rides	Epic Rides believes that every ride should be just as exciting as the first one. That's why each of their events is more than just an event. It's a celebration of the bicycle, the outdoors, and the individuals and organizations who make the mountain biking community the coolest group of people on the planet. World champions, up-and-comers, weekend warriors, first-timers, kids on BMX bikes, guys in animal suits – you'll find them all at Epic Rides events. The Epic Rides community knows how to have a great time. They provide the ultimate venue for adventure and allow you to choose a level of challenge that is within, or well beyond, your comfort zone. Our events are more about your experience than racing and ridiculous rules. Epic Rides pulls together the community for fun, health and a positive ride experience.
Community	News 4 @ 6	1/5/09	5:59:22 to 6:01:36		Many families are getting hit hard during this time of financial uncertainty. But now one organization is stepping up to help. United Way of Tucson and Southern Arizona established an economic crisis assistance fund to help the "new" poor. This emergency fund will help families who for the first time can't afford to buy food or pay their bills. Today, families could begin applying for assistance.
Community	News 4 @ 4	1/5/09	4:17:40 to 4:19:58		Words play a major role in everyone's world. We write them, read them, see them, hear them but there are some who can't see or read the written word. Sun Sounds of Arizona, located here in Tucson, is a radio reading service for anyone who has trouble reading printed material, even people with arthritis, who can't hold a book or paper. There are about 200 volunteers who do the reading. Even though the newspaper is the most popular, the station manager says Sun Sounds has something for everyone.
Community	News 4 @ 4	1/5/09	4:43:47 to 4:46:57	Craig Wisnom, Bogutz & Gordon, P.C.	Did you make any "legal" new year's resolutions? Maybe, get a will done, a power of attorney? Make beneficiary changes in your insurance policies? Craig Wisnom, Bogutz & Gordon, P.C., recommended a will as a good starting point.

Community	One on One	1/11/09	630-7a	Bonnie Leko, St. Nicholas of Myra Outreach Director	Bonnie Leko and Kristi Tedesco discussed some of the Kristi's Kids packages that were completed on children in Tucson who have no parents. These children are in state custody and are looking to be adopted. We will also showed the photos of children we have not yet featured who are also looking for a new mom and dad. These children can all be adopted through the St. Nicholas of Myra Adoption Center, in Tucson
Community	Tucson Today 5a to 7a	1/6/09	6:00:50 to 6:02:35		Changes in the Community Food Bank. Starting today, the organization begins handing out one box of food per household each month. A household used to receive two boxes each month. This is related to a major increase in demand. From January 1st through November 30th of last year, the Food Bank distributed more than 180,000 boxes. And the Food Bank anticipates that people's needs will grow this coming year.
Community	News 4 @ 10	1/7/09	9:59:50 to 10:02:11		Tucson Transportation officials have released final plans for the Grant Road widening project and more than 400 properties are affected. There's been opposition to this project from the get-go and today, the opponents went public.
Community	News 4 @ 10	1/7/09	10:06:45 to 10:08:50		All Tucson TV stations conducted a DTV readiness test today. The stations simulated turning-off analog signals so you could check your TV sets to see if they're ready for the digital switch happening February 17th. During the tests, anyone with questions could call a phone bank at KUAT Studios on the U of A campus.
Community	News 4 @ 10	1/7/09	5:03:35 to 5:05:04		A Japanese team could be replacing the Chicago White Sox for Spring Training in Tucson. The unnamed team would practice and play 13-15 games at the Kino Sports Complex perhaps early as 2010. Also included would be a youth and amateur program that could draw up to 80 tournaments to the area by 2012. In addition, the Baseline Group would own and manage a major-league affiliated minor-league team to replace the Sidewinders and create a Minor League Spring Training Instructional League to compete against the Rockies and Diamondbacks Minor Leaguers. The question will all of these factors be enough to save Spring Training in Tucson?
Community	News 4 @ 5	1/7/09	5:05:04 to 5:06:47		The City of Tucson has it's share of potholes and a tight budget that's making it hard to patch them all up. Crews are very hard at work trying to fill the potholes but with budget cuts, and fewer street maintenance crews its taking longer to fill them. Busy city streets get priority.
Community	News 4 @ 4	1/7/09	4:43:23 to 4:46:48	Dr. Kevin Leman	Birth order and marriagethere are several components that go into making you the person you are. Genetics and environment are two of them, but some say birth order plays a role. Taking it one step further, can birth order determine the kind of marriage partner you'll be? Dr. Kevin Leman shared his ideas.
Community	News 4 @ 4	1/8/09	4:18:03 to 4:20:36		If you've been to the gas pump in the past few days, you know gas prices are going up. This is making it difficult for the homeless and low income to get around. But, two Salpointe Catholic High School students are working with El Rio Health Clinics to help out. They are collecting money to purchase bus passes for the El Rio patients.
Community	News 4 @ 4	1/8/09	4:51:30 to 4:54:50	Sandy Morse, Communications Consultant	Honesty and Openness in a relationship. Are you afraid to say how you really feel? Have you kept a secret because you're afraid to tell your partner the truth? Do you feel like you need to withhold something because it won't be received well? How about the withholds, secrets and the fear of conflict. Sandy Morse, Communications Consultant, gave us tips to help start the new year communicating with honesty and openness.

Community	News 4 @ 10	1/10/09	10:03:20 to 10:05:25		For more than a year Tucson drivers have been under the watchful eye of red light cameras. Now, some of those who've been ticketed are protesting. The city installed the first red light camera back in 2007. Since then, three more have been turned on. After a year of snapping photos, the program has generated some 3 million dollars in revenue. That big money number has some concerned the cameras are nothing more than a so called "cash cow."
Community	News 4 @ 4	1/12/09	4:15:50 to 4:18:33		Patrick Kelly is the new chief for the Tucson Fire Department. He was sworn in November 17th. Chief Kelly is getting to know the department by having dinner at every station, during every shift.

Community	News 4 @ 4	1/16/09	4:49:47 to 4:53:02	Dr. Eric Schindler	More than three quarters of a million teenager girls get pregnant each year, 420,000 give birth. For the last 14 years the U.S. had been experiencing a decline in teen pregnancy but the latest data shows teens having babies is on the rise again. Dr. Eric Schindler from Child and Family Resources discussed the latest data.
Community	News 4 @ 10	1/17/09	10:03:55 to 10:06:05		The Accenture Match Play Tournament is scheduled next month in Tucson. It'll be played on a whole new course designed by Jack Nicklaus. Match Play tees off February 23rd through March 1st. News 4 brought live coverage of the final rounds.
Community	News 4 @ 10	1/18/09	10:02:40 to 10:03:33		A big day for Arizona football fans. After being the underdog for so long the "Cardinals" have finally won the right to play in the Super Bowl. The frenzy surrounding the Cardinals started building some time ago. And, whether they were life long or band wagon fans, they were out in full force today. Fans from Tucson that couldn't make the trip up the road packed into restaurants and sports bars today. They held onto confidence until the very end when they were finally able to scream with excitement. Not just because the Cards are going to the Super Bowl but because it's the first time in franchise history. Something even Eagles fans can respect.
Community	News 4 @ 5:30	1/18/09	5:40:15 to 5:42:20		The historic "Rillito" Racetrack entering what could be its final season this weekend. The landmark is slated to be torn down to make way for a soccer complex. The track is located at River Road and First Avenue and has been there for 65 years. Right now there are 9 soccer fields on the in-filed of the track. There's a push to add 9 more. There is a petition going around to save the park and that will be presented to the County Board of Supervisors.

Community	News 4 @ 10	1/22/09	10:03:30 to 10:05:16		Since the photo radar concept launched in Arizona it's triggered a lot of back and forth bickering. Now, the city courts are reviewing 1,000 photo enforcement cases because a process server hired to serve drivers who never responded to mailed citations may have filed false affidavits of service. There's also a criminal investigation into the employee's actions.
Community	News 4 @ 6	1/22/09	5:59:08 to 6:01:03		The Community Food Bank is taking a hard hit from the salmonella outbreak. The CDC is reporting more than 480 salmonella cases in 42 states. !0 cases have been confirmed in Arizona, one in Pima County. Now the FDA has recalled more than 100 products containing peanut butter or peanut butter paste. And that's forcing the food bank to toss out cases of food.
Community	News 4 @ 6	1/22/09	6:09:27 to 6:11:15		When voters approved the Regional Transportation Authority in 2006, it promised better ways of getting around town. Today, the RTA unveiled one way it's making it easier, a seamless transit system.
Community	News 4 @ 4	1/23/09	4:49:34 to 4:53:04		The weekend is here, time to take your significant other out for a nice dinner, maybe a movie? If that's tough for you because you have kids and babysitter issues, listen up, we may have a solution. Lynell Merriman from Kids Niter Out Across American discussed the program. Kids' Nite Out Across America is a program for kids ages 8-14 on Saturday nights. It gives parents a safe place to leave their children for 3.5 hours so they can have a night out of their own. Our program is geared at keeping kids active in a well-supervised, safe environment. We run thorough background checks on everyone we hire and have a uniformed police officer present for added security and peace of mind. We just opened up at Rattlesnake Ridge Elementary in Marana this past August.
Community	News 4 @ 4	1/26/09	4:07:14 to 4:09:15		Breathing new life into downtown Tucson has been the goal of the Rio Nuevo Project. Today, the City Council and the public will get a look at what could be the single largest project planned for downtown. A \$140 million dollar hotel. It's something many people have been waiting for.
Community	News 4 @ 6	1/27/09	6:03:00 to 6:05:13		A very deserving Tucson family is getting a new home from a national makeover show. Lizzie Bell has a rare blood condition known as diamond-blackean anemia. Her family has spent the last 10-years trying to raise awareness about the ongoing need for blood donations. Today, after all they've done to help others, they were surprised with the promise of a big makeover.
Community	News 4 @ 4	1/27/09		Maria Harvey, Director of Neighborhood Network Programs	Maria Harvey, Director of Neighborhood Network Programs spoke about the organization and how the agency helps young people and families get the help they need to succeed in our community.
Community	News 4 @ 4	1/28/09	4:06:46 to 4:08:46		Volunteers who are trying to count the number of homeless in Pima County are running into a new problem, and it could be a sign of the recession. Last year, more than 3K people were counted living in shelters or on the streets. And that number is expected to go up because of the economy. And finding the "newly homeless" may not be so easy because homeless shelter's are overflowing and turning people away.
Community	News 4 @ 4	1/29/09	4:29:14	Dr. Jeffrey Dozoretz, Child and Family Resources	Born between 1977 and 1994, they make up over 20% of today's population, 70M of them. They are the largest generation since the baby boomers. They're young, smart and brash. They may wear flip flops to the office or listen to Ipods at their desk, they want to work but they don't want work to be their life. Dr. Jeffrey Dozoretz from Child and Family Resources told us why this particular generation gap is so different.

Community	One on One	2/1/09	630-7a	Janet Marcotte, Executive Director of YMCA of Tucson; Tiana Ronstadt, President of Power Women Investing	The 5th Annual YWCA Women and Money Conference was held February 28th. This was an opportunity for women of all ages, backgrounds, socio economic status to learn more about finances. Every year this event is sold out because it gives women an opportunity to find out more about a topic that women don't get involved in. We discussed why it is important for women to take an active role in money and how they can do that.
Community	Impact	2/1/09	6-630a	Joy Wilcox, Primavera's Advocacy Coordinator	Primavera Foundation has a new program to help ex-prisonersby helping them to find housing and a job with the main goal to stop them from re-offending. Total costs to incarcerate one person can average \$65,000 per year, while programs to support one ex-prisoner can cost as little as \$3,265 per year. Programs that support positive re-entry can result in dramatic reductions of recidivism—the Prisoner Re-Entry Partnership (PREP), a partnership of the Primavera Foundation and several other agencies, has reduced the recidivism rate to 13% for participating ex-prisoners.
Community	News 4 @ 10	2/2/09	10:04:48 to 10:07:06		It's been making headlines around the world! Tonight, KVOA-TV is continuing it's investigation into pornographic material viewed during the Super Bowl by some Tucson area Comcast viewers. Just after the Arizona Cardinals last touchdownapproximately 30 seconds of pornography appeared. Again, this material was only viewed by some Comcast customers but it sparked a flurry of angry calls and emails to our newsroom. KVOA gets it's feed directly from NBC, and KVOA transmits it to various providers like Cox, Directv, Dish and Antenna, through fiber wire. Cox then transmits it to Comcast and that's where the problem happened.
Community	News 4 @ 6	2/2/09	6:01:46 to 6:03:51		Three weeks from now, 64 of the world's top golfers will come to Tucson for the Accenture Match Play Championship. The five day event starts February 23 and features an 8M purse. This year the tournament will be played at the Ritz-Carlton Golf Club at Dove Mountain in Maranaa whole new venue that promises to be fan friendly.
Community	News 4 @ 10	2/3/09	10:13:33 to 10:15:22		An extreme challenge has been met, building an entire house in just seven days. A Tucson family starts a new life, in a new home. The Bells were nominated and selected to have a new home built for them by a home makeover show. The Bells returned from vacation today to see their new home.
Community	News 4 @ 10	2/4/09	9:59:56 to 10:02:16		Contractors were working on a major structural column in the back part of Lowe's Store on Ina Road just West of Thornydale this morning. At some point, that column and it's temporary supports gave in. A port of the building's roof caved in, forcing the store to evacuate and shut down. Marana's building officials are calling it a major safety issue. They did not have a permit. Officials say they heard nothing from Lowe's or even the contractor, who happens to be out-of-state. Lowe's did not admit fault but did release a statement. According to building officials, it's ultimately the store's responsibility.
Community	News 4 @ 4	2/4/09	4:37:16 to 4:43:04	Jennifer English	If you're like a lot of Americans, you are eating out less which means you are eating at home more! Community	Tucson Today 5a to 7a	2/5/09	6:30:40 to 6:33:35		Financial uncertainty when it comes to El Tour de Tucson. Three months ago, cyclists hit the streets as part of the annual tradition. Now, those who put the event together are concerned this year's race will take a turn "downhill." Budget crunches within the City of Tucson have forced events like "El Tour" to foot the bill for things like police and fire services. Those costs passed on to event participants in their registration fee. This year, the city is bracing for either a 17% cut in police and fire, or a 2.5% cut. This means participants in "El Tour de Tucson" will shoulder more expenses and that has organizers concerned.
Community	News 4 @ 10	2/6/09	10:11:47 to 10:13:42		It took 13M and years of passionate planning to revive and reopen the Fox Theater downtown. Community	News 4 @ 6	3/18/09	6:04:52 to 6:06:39		Since the 80's, I-19 from Tucson to Nogales has been measured, not by miles, but by kilometers. And that's about to change and not everyone likes it. It was supposed to be the future, the metric system. Meters and kilometers were thought to be the new ay of measuring distance. I-19 was a unique highway, the only one which marked everything with metric. The metric system never caught on in the U.S. The signs are getting old and the federal stimulus money will be used to replace the aging signs with new ones using mile post numbers so it's consistent with the rest of the system around the state. Residents that live in the area say the change is going to create confusion and make maps obsolete. When the new signs go up, for about a year, all the exits will be marked in miles and kilometers so people can get used to the change. After that, like everywhere else in the US, the metric system will be gone.

Consumer	News 4 @ 6	1/26/09			It's been a roller coaster ride with gas prices, first it seemed like the sky was the limit, then over the past few months nobody knew how low they could go. Recently they've started creeping back up which makes everyone a little mad. But take comfort in thisaccording to AAA, we've been paying less than \$2.00 per gallon longer than we paid \$4.00 dollars a gallon. Since last January, the average in Arizona was above \$4.00 for 45 days. Through Monday, we've paid less than \$2.00 per gallon for 61 days. Analysts say OPEC cutting back on oil production has caused prices to go up over the last month. Drivers say they're hoping they stay low even though we had a good two month streak of cheaper gas.

Consumer	News 4 @ 10	3/31/09	9:59:50 to 10:02:18		President Obama signed the 787B stimulus law back in February. Since then, we've seen some of that money trickle in. Lawmakers are still working on divvying out all the cash, and a stimulus tax cut is part of the deal. For worker's earning less than 95K a year, you'll start receiving a refundable tax credit that goes into effect 4/1.
Crime & Law Enforcement	News 4 @ 5	1/1/09	5:05:19 to 5:07:16		With the start of a new year, we have some new laws in Arizona to tell you about. The first one is requiring off highway vehicles to display \$25 dollar decals to help stop (protect) damaging surrounding habitats. And, it's now illegal to have a license plate frame that covers the word Arizona at the top of your plate. You can even be fined if it is partially covered. Also, in downtown Tucson, this new year the city is increasing the cost of parking tickets for an expired meter from \$28 to \$49 dollars.
Crime & Law Enforcement	News 4 @ 10	1/5/09	10:00:38 to 10:02:58		A Tucson mother and her 18-year-old daughter were the unintended targets of a misguided home invasion. It happened around 1:30 this morning at their home near Valencia and Mission Roads. We're told at least two men broke into their home. Detectives believe they were after drugs. Shortly after entering, the suspects realized they had the wrong place and bailed. They have not been found. The victims are obviously shaken up.
Crime & Law Enforcement	News 4 @ 10	1/6/09	10:12:31 to 10:14:30		The number of homicides in Tucson, in 2008, broke records. Combined, the Tucson Police Department and the Pima County Sheriff's Office, investigated 104 homicides last year. Within Tucson city limits, police had 73 in 2008. The last time TPD clocked any such record in 1995 when there were 68 homicide investigations. Police tell News 4 most murders fall into three categoriesdrugs, robbery and gang violence. There were 13 gang related homicides in 2008.
Crime & Law Enforcement	News 4 @ 6	1/9/09	5:58:53 to 6:00:50		74 people were murdered in Tucson in 2008. The County Attorney's office ruled four of those were justifiable. That left 70 criminal cases of which 40 were cleared. KVOA visited TPD's beefed up homicide unit to see how they approach those 30 unsolved cases.
Crime & Law Enforcement	News 4 @ 5	1/9/09	5:01:08 to 5:03:20		An elderly man, accused of hitting a group of El Tour de Tucson bicyclists makes his first court appearance. The lawyer representing him spoke to KVOA.
Crime & Law Enforcement	News 4 @ 10	1/12/09	10:11:34 to 10:13:48		Scam artists are targeting vulnerable, elderly people to rob them of their life savings. What's even worse, most victims are scammed by their own family members. KVOA spoke to a victim of elder abuse.
Crime & Law Enforcement	News 4 @ 10	1/13/09	10:11:31 to 10:13:18		You think you know the rules of the road, don't speed, don't run red lights, but there are some not so obvious laws out there that are broken every day. You may not know you're doing anything wrong. A couple of these laws are when you're turning right, you're suppose to turn into the right lane. Also, you're suppose to stop at a pedestrian crossing when the lights are flashing red. They're common crimes and can cost you money and points on your license.

Crime & Law Enforcement	News 4 @ 10	1/14/09	10:04:05 to 10:06:24		Solving a murder can take weeks, months, even years. In some cases, families dedicate their lives searching for clues and answers to their loved one's deaths. But those families are not alone in their efforts. They have the Cold Case Squad. A unit that was formed in 2004. This squad act as another set of eyes to look for leads, facts or circumstances that maybe the original detectives didn't see or follow up on. All in an effort to close the case and bring justice to a victim's family.
Crime & Law Enforcement	News 4 @ 10	1/23/09	9:59:48 to 10:01:42		A behind the scenes heist at the Tucson Art Museum. Police say, it was an inside job, with the accused taking cold hard cash. The employee in question had been working for the Tucson Museum of Arts Accounting Department for 18 years. Now, she's accused of embezzling 300K from her employer.
Crime & Law Enforcement	News 4 @ 10	1/24/09	10:00:30 to 10:02:57		A local cat shelter asked for the public's help in solving an animal cruelty case. It happened last night at the Hermitage Cat Shelter. Workers found a cat, mauled to death by two dogs. What's fortunate is that not much time had passed before they discovered the dogs. If they were not there to close up, those dogs would've been there overnight and would've killed more cats. Now, they just hope the kid-sized footprints help give a clue as to who's responsible.
Crime & Law Enforcement	News 4 @ 6	1/26/09	6:00:25 to 6:02:30		Former South Tucson Police Lieutenant, Richard Garcia, has pleaded guilty to theft and filing false income tax returns. Back in May, FBI and IRS agents served search warrants on Garcia's home and the South Tucson Police Department. The 13-year veteran was fired in June, for misappropriation of funds because investigators say Garcia was cashing checks to support a gambling habit.
Crime & Law Enforcement	News 4 @ 10	2/1/09	10:21:52 to 10:25:32		If you heard that an ex-con was working at your child's school, you'd probably be alarmed. Well, it happened to a group of parents in Tucson's largest school district. A man who did time for a drug offense was working inside their children's elementary school with access to kids all over the building. He was only discovered after police pursued him for brand new charges.
Crime & Law Enforcement	News 4 @ 6	2/3/09	6:00:59 to 6:02:54		Three Tucson area boys are under investigation after police say they let two dogs into the Hermitage Cat Shelter. An employee found the dogs inside the shelter, one cat died. Police say there were kidsized footprints left behind. Those footprints were a key piece of evidence.
Crime & Law Enforcement	News 4 @ 5	2/3/09	5:03:33 to 5:05:18		At least two Tucson area resorts are at the center of a burglary investigation after nearly a dozen thefts in one month. Court documents showed Hacienda del Sol was hit seven times and six times Loews Ventana Canyon Resort all between the week of Christmas and end of January. Pima County Sheriff's Deputies have one name that may be connected.
Crime & Law Enforcement	News 4 @ 10	2/4/09	10:11:20 to 10:14:20		In six days a new law takes effect. The law prohibits the sale or resale of any children's' items containing too much lead, more than 600 parts per million. This includes clothes, toys, cribs and jewelry. Those who oppose the new regulation say it couldn't have come at a worse time. This new law will effect thrift stores around Tucson that carry children items, and people who buy second hand children items.
Crime & Law Enforcement	News 4 @ 6	2/4/09	5:59:44 to 6:01:54		The Marana Town Council passed an ordinance that would force parents to pay up if they leave their children alone in a vehicle. The ordinance prohibits leaving a child ages 10 years old and younger in a vehicle without someone over the age of 14. The offense starts March 5th. It's a Class One misdemeanor and offenders face a 1K fine. But the ordinance is not sitting well with some parents.

Crime & Law Enforcement	News 4 @ 10	2/6/09	10:00:04 to 10:02:08		82 animals, 39 birds and 43 cats were found packed in side a southwest side mobile home. Pima Animal Care responded to the scene after getting a call from Tucson Police last night. Pima Animal Care had to euthanize 42 out of the 43 cats brought in because they were in such bad health. The Humane Society took possession of all 39 birds, many also in bad shape. At this time no citations have been issued to the owner but Pima Animal Care is still in the middle of their investigation.
Crime & Law Enforcement	News 4 @ 10	2/6/09	10:02:08 to 10:04:02		A Tucson area man has been arrested to a series of rip-offs at area hotels is now also believed to be involved in a 250K fossil and mineral heist. He was arrested in his Rita Ranch home last night. Gem dealers recognized his mug shot and call police. Police went to the home and found most of the stolen minerals and stones. Police also uncovered numerous aliases the man used plus additional arrest warrants out of California.
Crime & Law Enforcement	News 4 @ 10	2/10/09	10:04:40 to 10:06:43		News 4 has learned that the 30 second pornography clip that made air Super Bowl Sunday is now bein taken over by the FBI. Comcast released a statement that said "Comcast has conducted an extensive, methodical investigation of the Super Bowl programming interruption in Tucson and they verified that it was an intentional, malicious act, and they determined that the next step is to turn the investigation ove to the FBI." An FBI official confirmed the Comcast release. The investigation is ongoing by our Tucsor office and no further information was provided at that time.
Crime & Law Enforcement	News 4 @ 10	2/12/09	10:02:21 to 10:4:52		A Pima County Sheriff's Deputy is facing criminal charges in connection to a domestic violence arrest. The deputy was arrested in November after having a physical altercation with his wife. After been charged, he was dismissed from the Sheriff's Department, but appealed the decision and won. The deputy will be soon heading back to work. The Law Enforcement Merit System Council voted to overturn his dismissal. It's a decision that took the Pima County Sheriff's Department by surprise. Two out of three council members voted to overturn the deputy's dismissal.
Crime & Law Enforcement	News 4 @ 10	2/16/09	10:11:24 to 10:14:00		Hate crimes are on the rise in Tucson, and in the state. Although the increase isn't drastic, it's enough to ask why we don't hear much about the problem. Josh Protas helps counsel victims of hate crimes in his role at the Tucson Jewish Federation. Authorities say the groups most often targeted are gay and transgender people and African-Americans. Oscar Jimenez of the Gay Rights Organization Wingspan says Prop 102 on last November's ballot, defining marriage as between a man and woman, brought negative backlash on his community. And says he thinks hate crimes are largely under reported. Police say that may be because people view victims of hate crimes like they used to view victims of sexual assault. Clarence Boykins of the Tucson Southern Arizona Black Chamber of Commerce says attitude and education, is the best weapon to fight hate crimes.
Crime & Law Enforcement	News 4 @ 6	2/16/09	6:05:04 to 6:06:39		2008 will go down as one of the deadliest years in Tucson. 70 people were murdered. That was a 37% increase in homicides over the previous year. Violent crimes are also up, 3.8%. Turns out, 11 years ago the crime rate in Tucson was worse with a much smaller population. So Tucson police believe the are making headway fighting the problem.

Crime & Law Enforcement	News 4 @ 10	2/17/09	10:11:34 to 10:13:36		About 2 and a half months into 2009, Tucson has already seen a series of hit and run accidents. Each year, a handful of drivers kill someone and don't stick around. Three deadly hit and runs in 2008 remain unsolved in Tucson. The year before, one unsolved case. Investigators use evidence from the scene to follow up. A broken bit of a grill or a fleck a paint can crack a case. Deadly hit and runs make up a small percentage of total hit and runs. The vast majority of the 2,450 hit and runs last year were fender benders. But just because they get away from the scene doesn't mean they'll get away wit the crime. If the victim gets the license plate and can ID the driver, the city will prosecute. Car accidents are bound to happen, but running from one doesn't have to happen.
Crime & Law Enforcement	News 4 @ 10	2/23/09	9:59:58 to 10:02:09		Hoping to quell a 5.5M budget shortfall, the Pima County Sheriff's Department announced that it's suspending its school resource officer, or SRO program. It will save about 2M. The SRO's serve 12 school districts and would have started its 9th year this fall. The program's 22 deputies will be reassigned to basic patrol at the end of May.
Crime & Law Enforcement	News 4 @ 10	2/28/09	10:00:36 to 10:02:22		A fire broke out in a neighborhood on the Northwest side of Tucson, at the corner of Oracle Road and Casas Adobes Drive. But this wasn't just a home that caught on fire, the owners also ran a psychic business there. Both, swallowed by flames. Arson is to blame. There were two areas of origin. It could be gasoline or kerosene. Investigators don't know if the home or business were targets. They're still looking into it.
Crime & Law Enforcement	News 4 @ 10	3/3/09	10:13:09 to 10:14:54		The National Motorists Association has launched a website, speedtrap.org. It's goal is to let driver's know common places where police are looking for speeders. TPD says it stations it motorcycle officers in areas where drivers traditionally speed, and also in places where they get complaints. They don't have a problem with the website because it gets people to slow down.
Crime & Law Enforcement	News 4 @ 10	3/9/09	10:11:48 to 10:13:44		Stories are circulating that certain Arizona tax preparers are telling clients they must return a portion of last year's stimulus payment to the government, any amount over \$600. So the preparer will offer to file your fax return and keep that money instead. IRS officials are aware of the complaints and can not yet confirm anything at this time. For your 2008 taxes, you don't exactly report the stimulus payment on your tax return, but you'll need the amount of that payment for your tax worksheet just to see if you might have even more money coming to you.
Crime & Law Enforcement	News 4 @ 10	3/11/09	10:03:18 to 10:05:42		The Tucson Police Department mourning the loss of one of their own. A four-year veteran of TPD was riding his bike off duty on Old Spanish Trail when deputies say a full-sized Dodge pickup hit him from behind. The driver of the pickup did stop and tried to assist but it was too late. No charges have been filed but Pima County Detectives are still investigating.
Crime & Law Enforcement	News 4 @ 6	3/11/09	5:59:08 to 6:01:08		A woman hit by a vehicle driven by attempted purse snatchers spoke about her attack. Tucson Police said it was a preplanned purse snatch attempt. It happened last month in the parking lot of the Walmart on Valencia Road near I-19. The woman was walking to her car with her husband when an SUV hit her. One of the suspects beat her on the head against the car trying to grab her pursue.
Crime & Law Enforcement	News 4 @ 10	3/26/09	9:59:50 to 10:02:10		Tucson Police are in "full-throttle" trying to find a man, they think, committed 3 random stabbings on the east side. Police say they've prioritized 65 officers to this case until the stabbing suspect is behind bars.
Crime & Law Enforcement	News 4 @ 10	3/30/09	10:02:05 to 10:04:36		Tips are flooding into the Tucson Police Department about a man wanted in connection with a series of stabbing attacks in Tucson. With the tips coming in, police are hoping to find the suspect as quickly as possible.

Economy	News 4 @ 5	1/12/09	5:04:27 to 5:06:12		In just a few weeks the world's largest gem and mineral show will try to dazzle you in Tucson but with the troubled economy, will the 55th annual event be tarnished? The Gem Show usually pumps 100M into Tucson's economy. This year though - there might be a little less green.
Economy	News 4 @ 6	1/13/09	6:01:44 to 6:03:31		The weakening economy has many families living on a tight budget. And when there's not enough to go around, many families are being forced to give up their petsdogs, cats and even horses.
Economy	News 4 @ 4	1/14/09	4:38:43 to 4:45:14	Jennifer English	Despite the financial mess we find our economy in, we all have to eat. And to save a few bucks, our kitchens will become the most popular restaurants. Jennifer English spoke about going back to the basics for a lot of families.
Economy	News 4 @ 6	1/19/09	6:09:56 to 6:12:11		The Federal Government's sending 38M to Arizona to help low, and moderate, income residents buy houses. The money will help residents make down payments on foreclosed properties. More than 116,000 Arizonans lost their homes in 2008 to foreclosure. According to the Reality-Trac Report, the Grand Canyon State has the nation's 3rd highest amount of foreclosures. In Tucson, there were more than 9,000 filings in 2008.
Economy	News 4 @ 4	1/21/09	4:08:35 to 4:10;49		As the new president and Arizona's new governor deal with economic issues, officials here in Tucson have their eyes on the calendar. Specifically next month. February draws in tourists and big money. From the Gem Show to the Tucson Rodeo to the golf tournament. It's Tucson's time to shine, cowboy up, and take a swing at bringing in some revenue.
Economy	News 4 @ 5	1/26/09	5:00:20 to 5:02:19		Since 1925, Tucsonans have saddled-up their horses, hitched up their buggies, and shined their boots for the rodeo parade. Back then, a t-bone steak was just 27 cents a pound, and a Stetson hat was on \$8 bucks. Eight decades later, the event is still a success but the economy has some participants pulling out. The biggest year was 2000, with 230 entries for the parade's 75th anniversary. Last year there were 131. And this year, so far, just 115.
Economy	News 4 @ 10	1/27/09	10:04:24 to 10:07:30		New numbers from the Labor Department released today showed 30,000 people in Pima County are unemployed. Last year, at this time, 18,000 people in Tucson were out of a job. Crunch the numbers in the last year12,000 Tucsonans have been laid off. People are clammering for work. And it was evident today at the Jobing.com career fair at the Tucson Convent Center. It was jam-packed. A lot of desperate people looking for jobsseasoned professionals, others and fresh out of college.
Economy	News 4 @ 4	1/28/09	4:39:56 to 4:44:29	Jennifer English	Because of the economy, more and more people are choosing to stay at home and cook instead of eating out. But let's face it, in our busy working world we don't have a lot of time to prepare that meal. Jennifer English showed us a new way of cooking that's efficient and safe.
Economy	News 4 @ 6	1/30/09	6:00:45 to 6:02:33		The Gem Show is traditionally a rock solid event for Tucson's economy. About 55K people are expected to converge on Tucson for the 55th Annual event. The 2-week show, a major money-maker for the city, bringing in about 100M. There are dealers who are already off to a good start at the Tucson Electric Park Show.

This program targets underemployed people who will impact the elderly population. Care Giver Training Institution has trained over 500 since 2001. Scholarships are also available. We also discussed the American Cancer Society. How it was a recipient of a concert given by Domingo DeGrazia, youngest son of acclaimed artist, Ted DeGrazia. He is celebrating his father's centennial. He died in 1982 as a result of cancer. So he helped the AMS out by donating proceeds of the concert.
Economy	News 4 @ 10	2/11/09	10:00:09 to 10:02:41		Arizona lawmakers have been forced to make significant budget reductions due to recession with dwindling tax revenues. The Department of Economic Security is taking a hit. DES helps fund EMERGE, the center against domestic abuse in Tucson. Emerge provided shelter services to more than 2K people last year here in Southern Arizona. With the state budget cuts, the reality is, they may have to turn more and more victims away. Emerge CEO Sarah Jones said it's already a challenge keeping up with the demand for shelter services. They currently have a 134 beds to serve survivors. Budget cuts could eliminate some of those beds and other services. And if victims are turned away, they could face devastating consequences.
Economy	One on One	2/15/09	630-7a	Dan Duncan, United Way Senior Vice President of External Relations	Duncan discussed United Way programs to help people get through the current economic crunch and a new economic crisis assistance fund, effort to sign up 40,000 people for food stamps and free tax return preparation for low and moderate income families, etc.

Economy	News 4 @ 10	2/20/09	9:59:56 to 10:02:15		State lawmakers are trying to deal with the next fiscal year's budget deficit of about 3B. They have until June 30th to come up with a plan which will only add to the cuts they've made for this fiscal year. Reductions in almost every major state agency and program including our courts system. A press release from the Pima County Superior Courts advised it's cutting almost 200K from probation, which means fewer people will be monitoring convicted criminals after their released.
Economy	News 4 @ 6	2/20/09	6:03:51 to 6:06:09		The Tucson Conquistadors raised more than 20M for local youth and athletic programs. The bulk of these funds come from Accenture Match Play ticket sales. Those who rely on this money are worried less people will attend this year's tournament due to the economy. But good newssince Tiger Woods announced he's coming back to defend this Match Play Championship title, tickets are selling like hot cakes.
Economy	News 4 @ 10	3/1/09	10:02:25 to 10:04:39		Two major sporting events wrapped up today. The Accenture Match Play Championship and the Tucson Rodeo. Combined with the Gem Show, February was a good month for our local economy. And, despite these tough times, plenty of people came to town and millions of dollars poured in.

Economy	News 4 @ 10	3/3/09	9:59:51 to 10:01:53		TUSD is going to lose state funding because of the state budget deficit. To make up for a projected 3B shortfall this coming fiscal year the state is slashing left and right. TUSD has about 4 months to figure out how to cut millions from it's budget. Hard numbers aren't known yet, but administrators are ball-parking the figure which could be anywhere from 30M to upwards of 60M. Ultimately, exactly what goes and what stays will be up to the district's newly formed budget advisory committee. The panel is responsible for establishing priorities and making recommendations to the governing board. On January 8th, the committee held the first of four public forums, for a little help.
Economy	News 4 @ 10	3/3/09	10:02:37 to 10:04:37		Another town weathering the bad economy is Oro Valley. Oro Valley's town council will vote on a restructuring and reduction force plan. That's to offset some of the 5.2M budget deficit. The deal would save Oro Valley about 1.7M, eliminating 27 positions which would reduce some services for residents. Such as slower court case processing, slower processing of business licenses and reduced services in transit pickup.
Economy	News 4 @ 4	3/3/09	4:23:35 to 4:26:22		Part of people losing sleep over their finances is worrying about how to make more money. Well, if you're in good health, there's cash to be made. There's been a boom in selling sperm, eggs, plasma and even hair.
Economy	News 4 @ 6	3/4/09	6:01:45 to 6:04:05		Two weeks ago President Obama was in Arizona and released his 275B plan to fix the foreclosure crisis. Today, that plan takes effect for struggling homeowners. The plan is aimed at helping those who owe more on their home than it is worth, those who need to refinance but can't get a new loan, and homeowners who have a poor debt to income ratio. The plan also helps borrowers who've stayed current on their mortgage but can't refinance because their homes have decreased in value. Here in Tucson, we have our own anti-foreclosure program. It's called "Don't Borrow Trouble." "Don't Borrow Trouble" is an information and referral service. They counsel callers about payday loans and credit card interests. Now, they mostly take calls from people facing foreclosure. DBT collects basic information, then hands the caller over to a certified housing counselor to help them work out a plan. The program is free.

Experts tell us that the average length of a U.S. recession is about 14 months. Laura Pendleton-Miller, financial consultant, spoke about the recession.
Economy	News 4 @ 10	3/10/09	9:59:56 to 10:02:06		The Tucson City Council spent the night mulling over ideas, ways to cinch a multi-million dollar budget deficit. Almost everyone, almost every state and city funded agency, programs, everything is on the table. Bottom-line, we just don't know what's going to go or stay. The deficit is 30M. City Council members are weighing all their options.
Economy	News 4 @ 6	3/13/09	6:03:50 to 6:05:23		Through legislation Governor Brewer signed on Thursday, March 12th, part of the federal stimulus money will be used to reinstate child-care subsidies for low income families. DES told the families of some 15K children earlier this week that they would lose their funding the weekend of 3/14-15. But in a letter being sent out today, the Department said those cutoffs have been cancelled.
Economy	News 4 @ 10	3/16/09	9:59:50 to 10:02:01		Friday marks the start of the 4th Avenue Spring Street Fair. And as in years past, thousands are expected to crowd the downtown stretch for 72-hours of entertainment, food and of course shopping. Local artists hoped this weekend's 4th Avenue Street Fair would bring in some big business. Like everyone else, they're trying to ride out the economic downturn.

Economy	News 4 @ 4	3/25/09	4:01:16 to 4:04:09		Southern Arizona's hotel industry is taking quite a hit as the economy struggles to regain life. In late winter, we see tens of thousands of visitors at events including the Fort Lowell Soccer Shoot-out, The Gem and Mineral Show, the Accenture Match Play Tournament and the Tucson Rodeo. But fewer people are traveling these days.
Economy	News 4 @ 4	3/27/09	4:43:20 to 4:46:46	Lisa Burns, President of the Southern Arizona Mortgage Lenders Association and Bob Dytko, CIO of Steward Title and Trust	Headlines of economic doom and gloom dominate TV news shows and newspapers. But one group in Southern Arizona believes things here are starting to turn around. The Southern Arizona Mortgage Lenders Association thinks home values and interest rates have hit bottom and both will soon begin to rise. Lisa Burns, President of the Southern Arizona Mortgage Lenders Association and Bob Dytko, CIO of Steward Title and Trust spoke more about this issue.
Education	News 4 @ 6	1/8/09	5:59:27 to 6:01:37		More than 500 freshman in the Sunnyside School District are being rewarded for their hard work with a free laptop. The district gives students a free laptop if they keep up their grades, have good attendance and participate in a school activity. The program was paid for by area businesses. District leaders hoped it would keep more kids in school. And the programs seems to have students on the right track.
Education	News 4 @ 10	1/16/09	10:00:09 to 10:02:16		State lawmakers unveil a plan to secure Arizona's budget. It's not a done deal but if it does pass, education would take the biggest hit. A 1-1/2 billion dollar cut. Arizona's 3 universities, already cash strapped, would lose 243M over the next year and a half. That's a 103M dollar blow to the University of Arizona. The idea sent U of A President Robert Shelton through the roof. He called the proposal crippling, irresponsible and potentially devastating. The impacts will be felt by every component to the university. It will affect access, the cost of education. The university will have to ask for further tuition increases and fee increases. There would also be massive layoffs, and less faculty members equal fewer classes. In the meantime, President Shelton plans to work with the legislature on addressing the budget issue. However, he still feels the proposed cuts are too deep.
Education	News 4 @ 10	1/19/09	10:01:33 to 10:03:13		A handful of Tucsonans were in Washington D.C. which included a group from Empire High School. These students got a look at history in the making. From the Washington Monument to the Jefferson Memorial, the trip also provided a history lesson for the students.
Education	News 4 @ 4	1/22/09	4:07:16 to 4:09:11		The State Board of Regents on the University of Arizona campus today discussed how to slash a possible 250M from all three state universities, the U of A, ASU and NAU. 100M of it could come from the U of A alone.
Education	News 4 @ 10	1/28/09	10:03:34 to 10:05:47		A joining of forces by students from ASU, NAU and the U of A, today at the State Capital. They're worried their tuition will go up if lawmakers cut the university systems funding by 243M. Experts say it's unavoidable.
Education	News 4 @ 10	1/29/09	10:03:12 to 10:05:25		It seems all of Arizona is holding it's breath waiting for lawmakers in Phoenix to fix the budget in their special session. They're looking at massive mid-year cuts that would affect all state agencies, including education. Day One, no decision, but there's a definite sense of panic in Southern Arizona's largest School DistrictTucson Unified School District. TUSD Superintendent Dr. Liz Fagen drafted a letter to district employees urging them to express opposition to law makers about the current state budget plant. She said the district stands to lose out on approximately 8M for this school year alone.

Education	News 4 @ 10	2/2/09	9:59:58 to 10:02:40		U of A President, Robert Shelton, released his official plan today to deal with the crippling cash flow problem. At the root of it all, Arizona's 1.6B budget deficit. Lawmakers agreed on state funding cuts Saturday which included 141M less for the U of A, ASU and NAU. The U of A portion57M. Discussed what items will be cut back, along with lay offs.
Education	News 4 @ 6	2/11/09	6:10:28 to 6:12:26		Every generation has its share of classroom bullies. And, while efforts have been made to curb the negative attacks, one Tucson family says it's still happening to their granddaughter and her school isn't doing anything about it. The grandfather said after several visits to the school and several unreturned phone call, the school has done anything. The principal didn't know anything about this and says due to school policy he can't talk specifics about any of their students but did release statement.
Education	News 4 @ 5	2/13/09	5:00:43 to 5:02:37		Hundreds of Tucsonans say enough is enough. Today, they have a panel of Arizona lawmakers quite an earful hoping to change their minds about the billion dollar cut to education. Money for young kids and college students. The most recent reductions were to balance out this fiscal year's budget deficit, 1.6B. And now, the next fiscal year, starting July 1st, has as a shortfall almost double that, 3B.
Education	News 4 @ 6	2/17/09	6:09:50 to 6:11:33		Davis Monthan Air Force Base officials have given a green light to plans to turn a now closed school into a charter facility. Since military rules don't allow vacant buildings on base, officials have agreed to let the Sonoran Science Academy open a charter school in the Lowell-Smith building. Schools like this are in high demand. And, this Sonoran Science Academy will serve as a model for what's to happen on Davis Monthan Air Force Base.

Education	Impact	3/1/09	6-630a	Hannah Traquair, Ironwood Ridge H.S. Student and Jim Ewing, Ironwood Ridge H.S. Teacher	Ironwood Ridge H.S. has one of the first 'Green Clubs' in an Arizona high school. The kids do projects, grow gardens, hold fairs and spend a lot of time teaching their peers how to 'go green.' This kind of effort has become second nature to young kids like this we discussed what they're doing, and how it's spreading to other schools.
Education	News 4 @ 10	3/4/09	9:59:57 to 10:02:03		In January, the state cut 130M in funding fro K through 12 public schools and that was just to bridge the gap of this fiscal year. Next fiscal year, which starts July 1st, is carrying a 3B budget deficit, which could mean even more cuts. That's why students, teachers and parents all joined forces, and it all happened as Governor Jan Brewer addressed a joint session of the legislature on Arizona's budget issues. Amy Rusk, a Tucson high school librarian made the drive to Phoenix to make her statement for public education. Also the Tucson Education Association brought people who wouldn't come to this annual event to target State Republicans who back public education.

Safety	News 4 @ 4	3/12/09	4:27:38 to 4:30:58	Vicki Began, RN, one of the founding members of the program and Vice President of Women and Children's Services at TMC	A little over two weeks ago, a University of Arizona student gave birth in her dorm, and is accused of attempting to murder her son who remains hospitalized in fair condition. There's a law in place here in Arizona that might have prevented that. It's called the Safe Baby Program and Vicki Began, RN, one of the founding members of the program and Vice President of Women and Children's Services at TMC spoke to us about the law.
Safety	News 4 @ 10	3/16/09	10:12:18 to 10:13:56		Tucson is making it easier for bicyclists to get around. The city put down reflective green plastic, building what's know as a bike box. This is the first one in Tucson and the region. Cars have to stop before the green area, but bikes can pull into it. That way they can safely merge with cars because there's no bike lane. It works well if motorists and bicyclists know how it works. Bicyclists say the concept is a little confusing at first but it helps. An outside the box way of thinking to make streets safer for bicycles.
Safety	News 4 @ 4	3/18/09	4:22:28 to 4:25:53	Adam Goldberg, Northwest Fire	It's that time of year in Southern Arizona, pool time. Families outdoors swimming. Drowning is one of the leading causes of death for children under the age of 4 in Arizona. Most kids drown in their own pools, but they also drown in buckets, toilets, bathtubs, fish tanks and ponds. Captain Adam Goldberg, from Northwest Fire, spoke about water safety.
Safety	News 4 @ 4	3/22/09	10:03:47 to 10:05:45		Now is a good time to start thinking about ways of reducing the risks of fire to your property. Captain Adam Goldberg pointed out some hazards such as tree limbs lying on the dirt, weeds growing up against homes and palm tree leaves hanging next to vehicles. Dangerous situation because if anything dry caught fire, perhaps by a lighter or cigarette, the flames would spread and quickly. All it takes is high temperatures, wind and a spark. That's why Northwest Fire Department is urging homeowners to be vigilant about fire safety. Especially now with more sever conditions just around the corner.
